Many Contributors Driving Major Reductions in A/C Procurements

NAVAIR'S Productivity

SUPPORTING SEA POWER 21

Vision

Provide COST-WISE READINESS and DOMINANT MARITIME COMBAT POWER to make a great Navy / Marine Corps team better

Goals

- Balance current and future readiness
 - Reduce cost of doing business
 - Improve agility
 - Ensure alignment

Metric

S

Inventor
y

Cycle
Time

Reliabilit
y

Cost

Single Fleet-Driven Metric:

NAE resources made available to the Navy for recapitalization

The Cost of "Current State" NAE Operations

- The Cost of "Future State" NAE Operations*

= Resources made available to the Navy for

recapitalization,

and A/C Ready for Tasking at Reduced Cost

Naval Aviation Enterprise AIRSpeed

Depot AIRSpeed

(Lean, Six Sigma, TOC)

- *Depot production processes*
- *Led by COs/AIR-6.0*
- *Rollout to 3 sites*

Enterprise AIRSpeed

(Lean, Six Sigma, TOC)

- *Fleet-Wide Repair Sites & Processes*
- *Led by O-6 ESC*
- *O-I-D + Supply Chain*
- *Links to NAVRIIP*
- *AIR-3.3 Coord Office*

NAVAIR AIRSpeed

(Lean, Six Sigma, TOC)

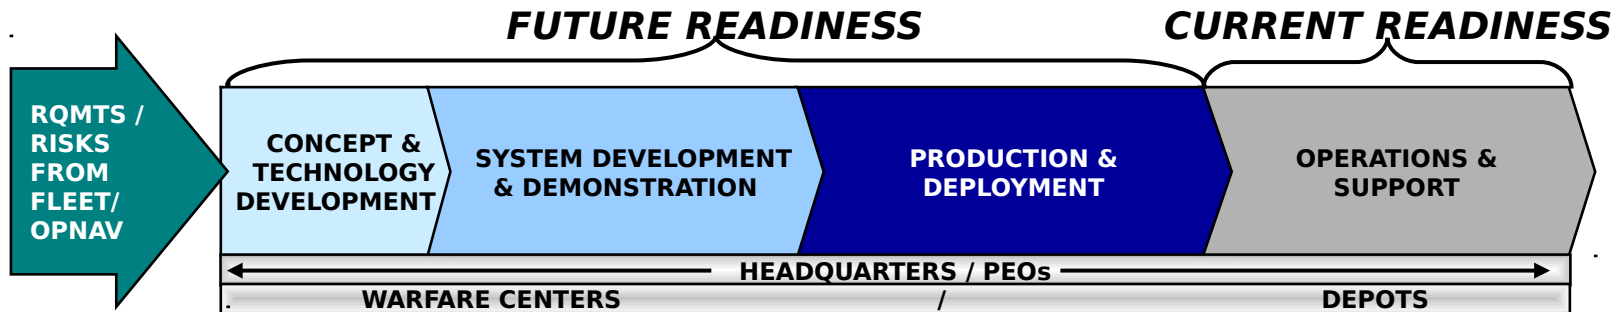

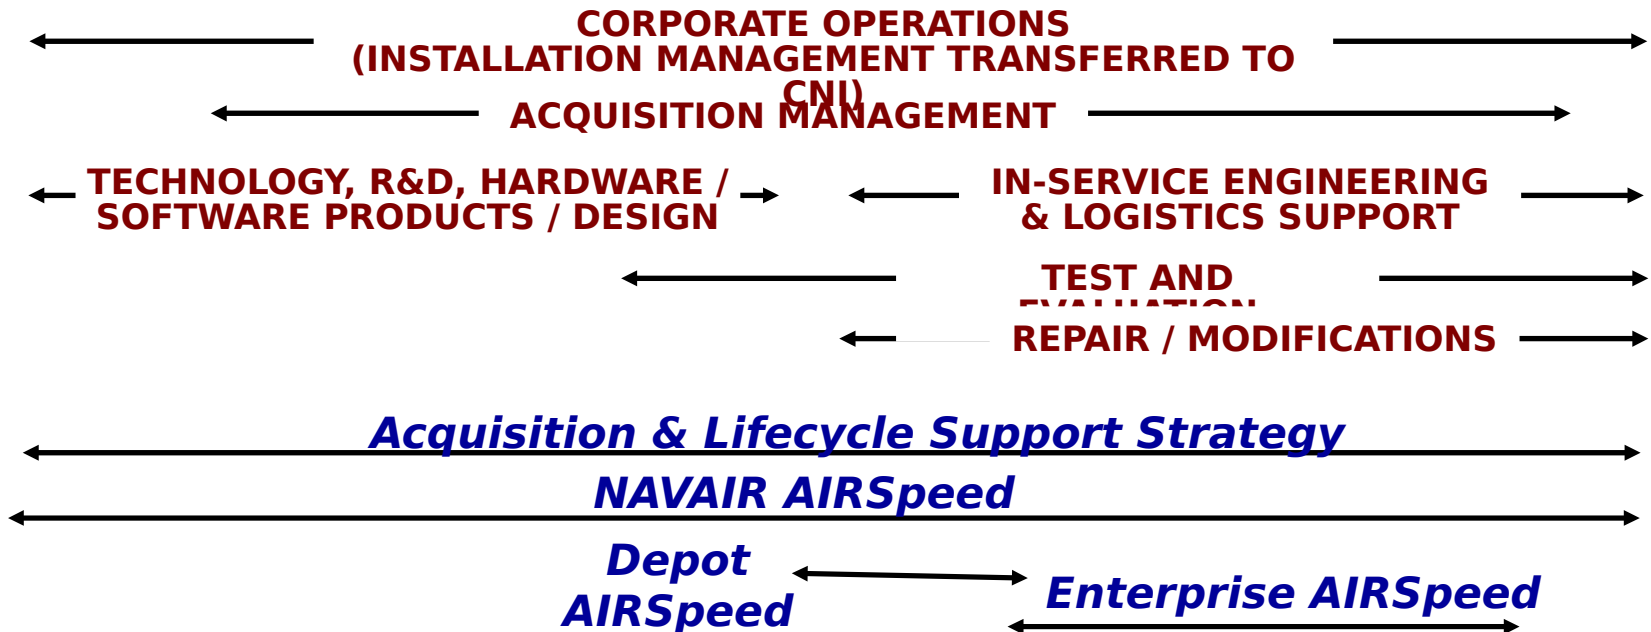

- *Corporate/Competency Processes and Other Productivity Initiatives*
- *Led by AAG/EDB Guidance*
- *Enabled by Core Team*
- *Links with Enterprise & Depot AIRSpeed*

- There are three AIRSPEED programs with One Goal and One Metric:
 - **Depot** AIRSPEED which began in 1999
 - **Enterprise** AIRSPEED which began in 2003
 - **NAVAIR** AIRSPEED which began in 2004
- All three drive productivity through process improvement using industry-proven tools, and help establish a self-sustaining culture of continuous improvement.

NAVAIR Core Processes

Part of the NAE Value Stream

CORE FUNCTIONS / PROCESSES

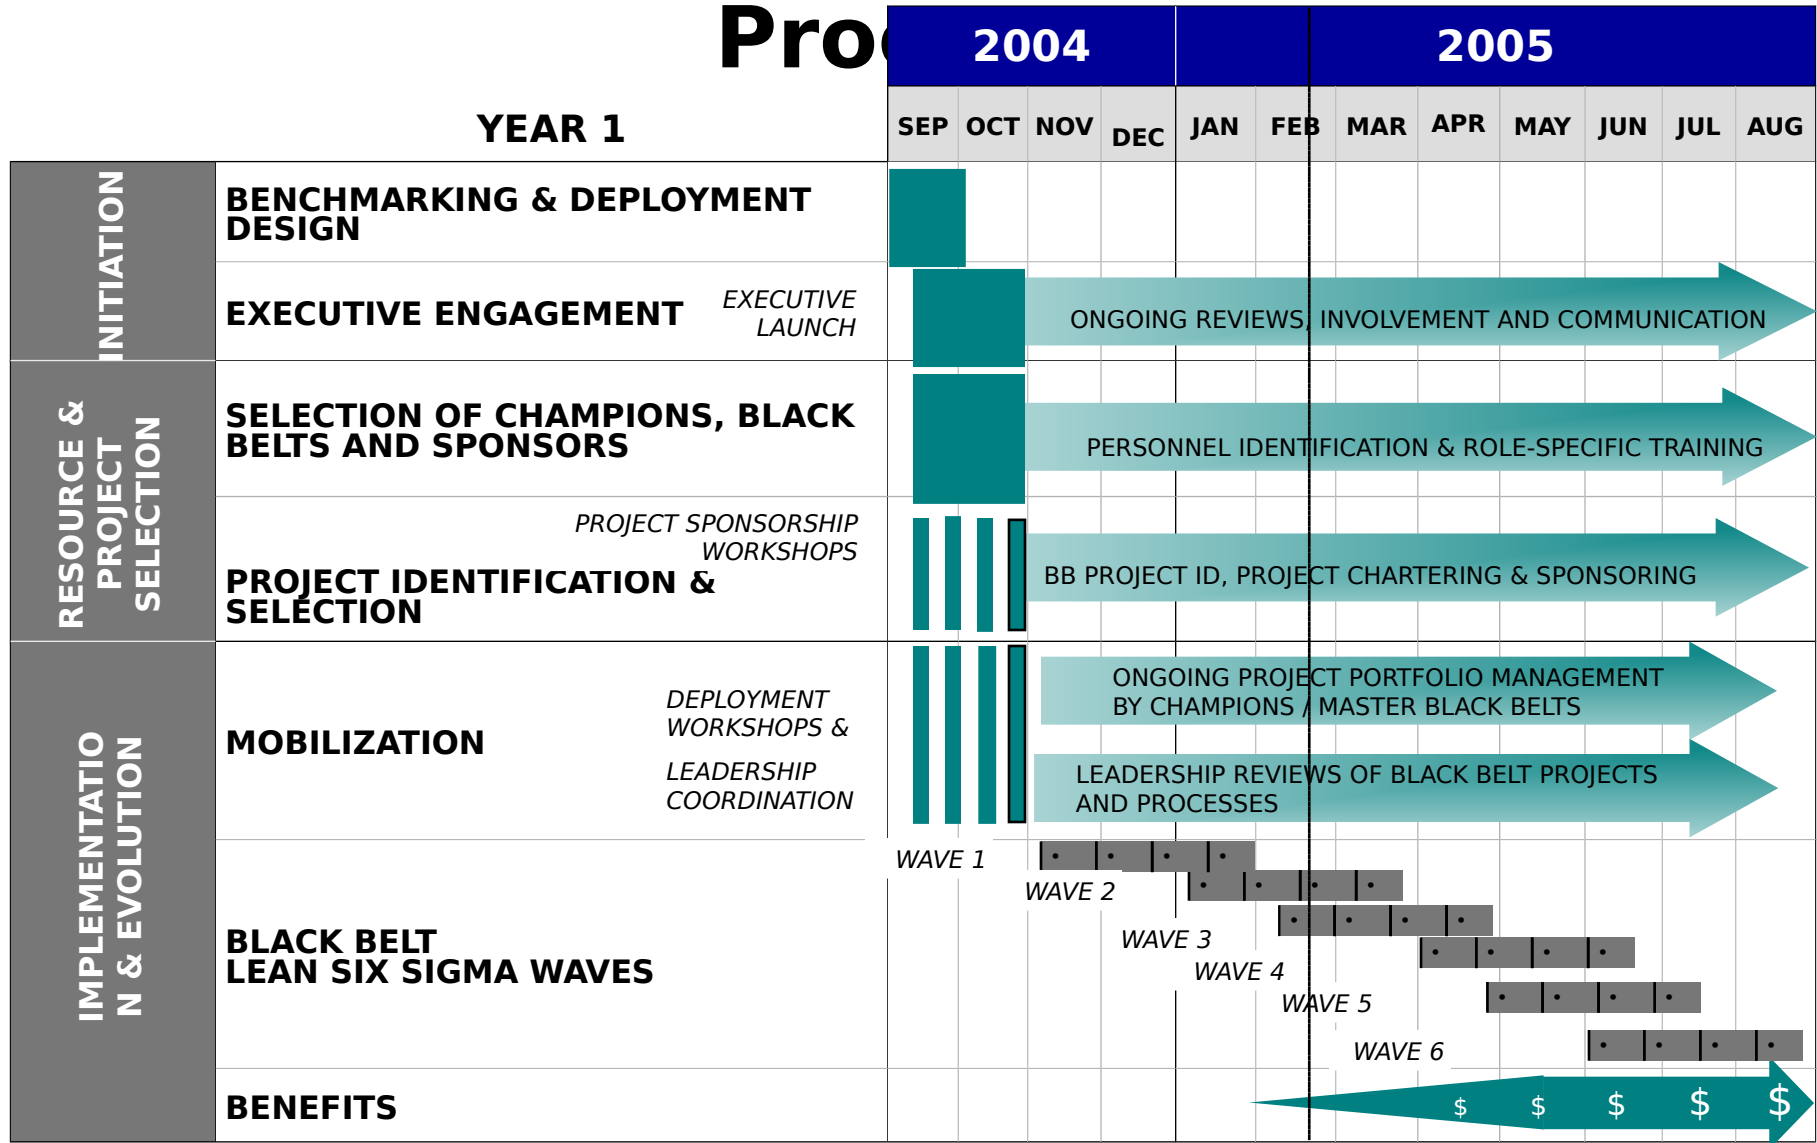

WHERE WE HAVE BEEN

- **Industry Benchmarking completed in FY04**
 - LEI/TWI, Boeing, Lockheed Martin, GE, Raytheon
 - All Promoted Top Down Approach:
 - Champion Training for Senior Leaders
 - Blackbelt/Expert Program tied to Corporate Office
 - Pick the best & brightest for Blackbelt/Expert Training
 - Train the rest as they prepare to conduct projects
- **NAVAIR EDB approved establishment of NAVAIR AIRSpeed Core Team on 3 May 2004**
- **Wave's 1 - 6 Executive Champion Training Sessions Complete (Top 150+)**
 - LEI/TWI: Lean Value Stream Mapping & Transformation
 - GE: Six Sigma and Change Acceleration Process
- **NAVAIR EDB approved establishment of AIRSpeed Advisory Board on 12 October 2004**
- **The George Group under contract to provide comprehensive NAVAIR Lean Six Sigma Deployment & Training support**
 - Executive & Project Sponsor Training Waves 1 -11 complete (350+)
 - Wave I BB Completed (X22), Waves II & III Started 1
 - Yellow Belt Team Member Training Waves 1-13 complete (~325)

WHAT WE HAVE LEARNED

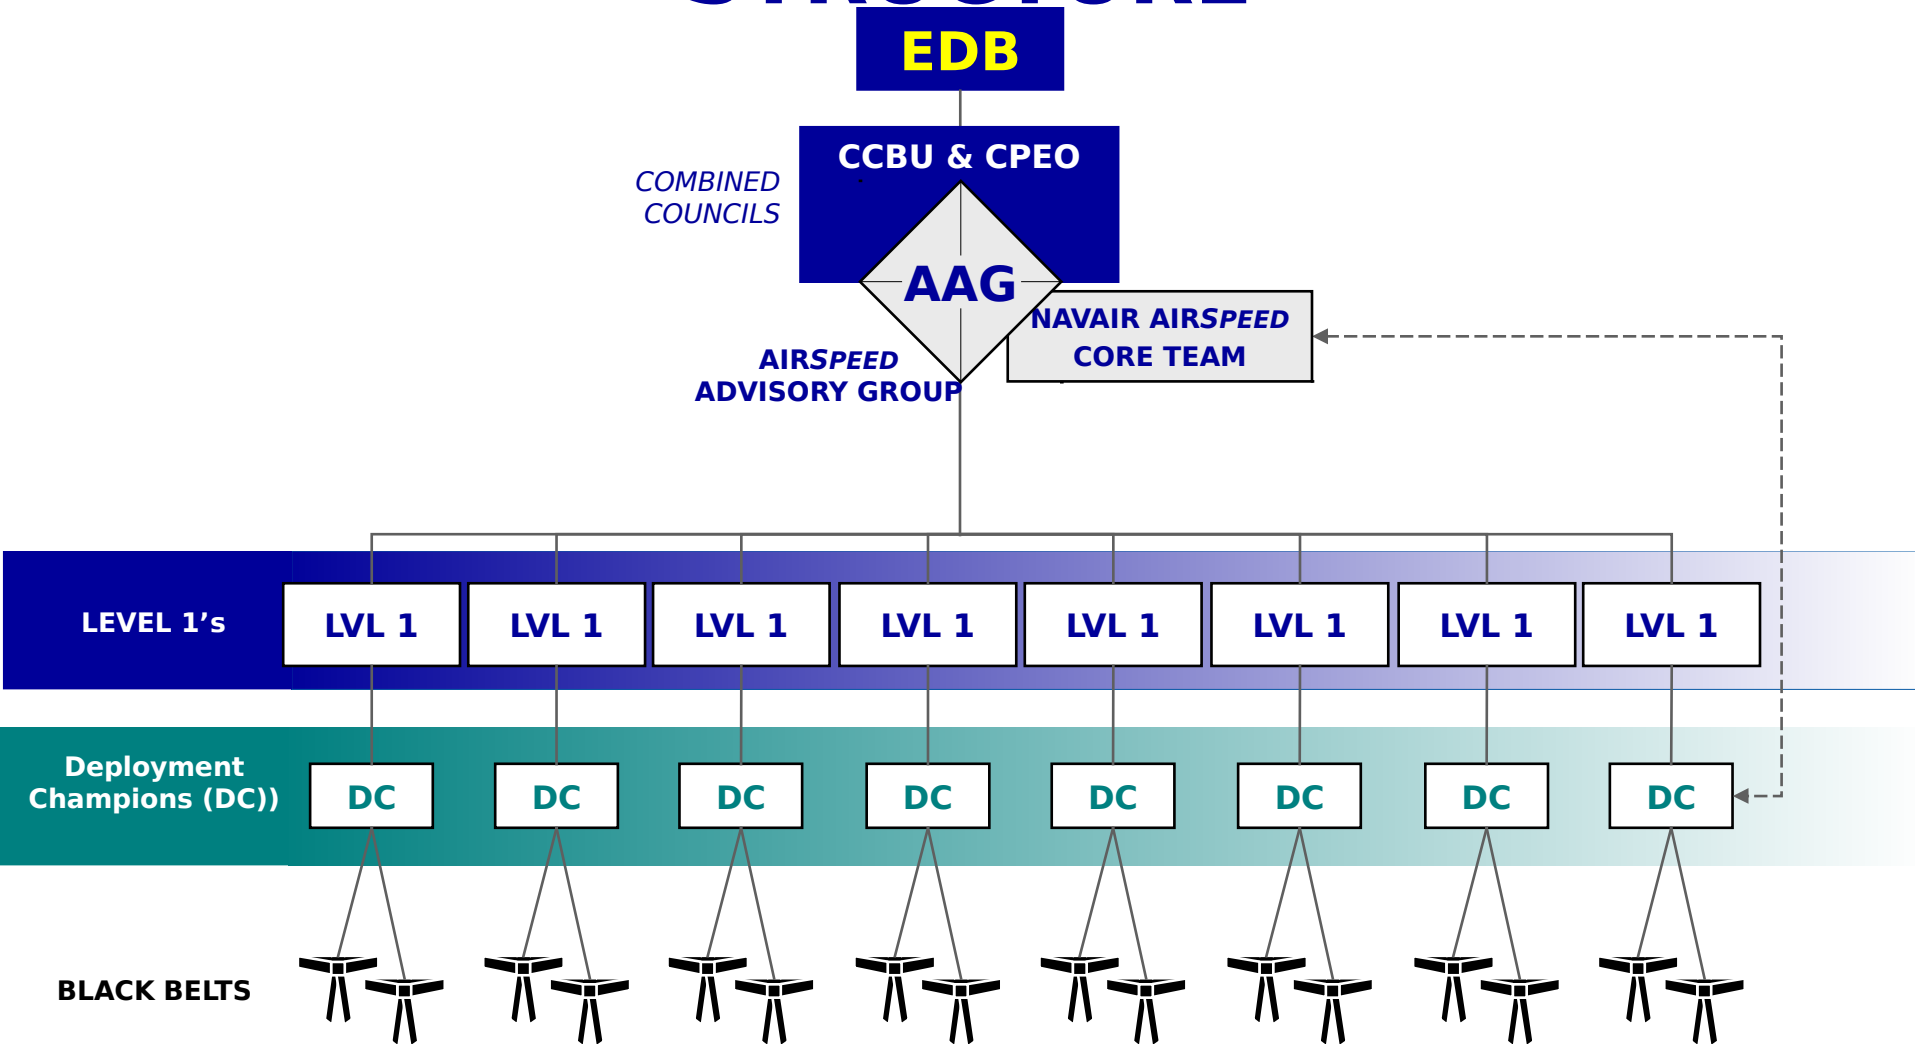

- **Naval Aviation Workforce is “Pressurized”**
 - Productivity tools essential to provide relief to meet Naval Aviation enterprise goals
- **Cultural Change is Required for Transformation**
 - Quality (or Goodness) X Acceptance = Effectiveness
- **Need to make “AIRSpeed” a Corporate Leadership Value**
 - Learning Organization, Problem Solving Culture
- **How do we institutionalize AIRSpeed?**
 - Systems & Structures Must Align to Support the Effort
 - **Award Systems**
 - **Communications**
 - **Training**
 - **IT**
- **Effective Roll-out Requires (Toffler):**
 - Clear Strategy
 - Engaged Leadership
 - Motivated Workforce
 - Effective Management Tools

NAVAIR AIRSpeed Implementation Process

NAVAIR AIRSPEED STRUCTURE

NAVAIR AIRSpeed Deployment

Deployment Team Activities:

- ◆ Develop recommendations for deployment approach
- ◆ Execute on-going deployment of Lean Six Sigma
- ◆ Develop and manage Lean Six Sigma results objectives, guidelines, and measures
- ◆ Establish and manage Lean Six Sigma management processes
- ◆ Ensure integration between LSS and other NAVAIR productivity efforts
- ◆ Manage internal and external NAVAIR Lean Six Sigma communications

NAVAIR AIRSpeed Roles

AIRSpeed Core Team

- Enables successful deployment / execution
- Develops and reports metrics
- Coordinates training
- Leads change management and internal / external cross-communication

Executive Leadership

- Owns vision, direction, integration, business results
- Leads change

Project Sponsors

- Project owner
- Implements solutions
- Owns financial results
- Part time as part of job
- Develops Project Charter

Deployment Champions

- Lead organizational performance improvement
- Prioritize projects
- Full time assignment

Project Team Members

- Provide project-specific support
- Can be Yellow or Green Belt and includes Financial Representation
- Part time on projects

All Employees

- Understand vision
- Apply concepts to their job and work area

Master Black Belts

- Train Black Belts/Green Belts
- Coach Black Belts/Green Belts
- Lead Complex/Large projects
- Full-time position

Green Belts

- Participate on Black Belt teams and/or lead projects
- Part time on projects

Black Belts

- Execute AIRSpeed projects
- Train and coach Project Teams
- Full-time assignment

Adopting NAVAIR AIRSpeed Within the Command

NAE AIRSpeed implements proven methodologies/tools such as Lean and Theory of Constraints (TOC) to enable significant productivity

Top Deployment Challenges

- **Significant Upfront Decision Requirements**
 - >100 Deployment Decisions w/broad socialization required
- **Deployment Management Tracking System**
- **Financial Resources**
 - Availability & Accountability Requirements
- **Human Resources Mgmt**
- **Cultural Transformation & Change Management**
- **Process Standardization & Variation Control**
- **Process Data Availability**
- **Quantification & Institutionalization of Results**

NAVAIR AIRSpeed

- AIRSpeed is all about increasing *Productivity* to reduce our cost of doing business
- AIRSpeed deploys *New Workforce Skill Sets* in a dedicated and focused manner
- AIRSpeed has been designed and deployed to embed proven *“World Class”* concepts into the fabric of the organization to help catalyze pervasive *Cultural Transformation*
- AIRSpeed enables the extended enterprise to reduce the cost of doing business using a *“System-of-Systems”* approach.
- AIRSpeed has complete Naval Aviation Enterprise and ASN(RD&A) leadership support, direct participation and active involvement.
